Introduction to Cities - Suwon

Suwon

Urban but environmentally sustainable
Traditionally preserved but newly regenerated

Eunha Kang, Research Fellow
Suwon Research Institute

Introduction to Cities - Cities in Scotland

Scotland's seven cities – Attracting Investment, Creating Growth
Aberdeen | Dundee | Edinburgh | Glasgow | Inverness | Perth | Stirling

1st meeting in Suwon: Introduction and Broad Interest

- ❖ Topics: Urban Regeneration with Historical Heritage Preservation, Sustainable Green Infra (Rain City–Water Reuse) and Smart City Open Data
- ❖ Discussion
 - How to regenerate old towns near Hwaseong Fortress environment-friendly(sustainable) and harmonized with historical heritage preservation
 - How to expand the green infra in urban places for climate change mitigation
 - How to manage the city infra and the public information in a smart way

Co-hosted by Suwon, ICLEI and UN-Habitat,
a global project to seek ecomobility
by presenting future city

**EcoMobility World Festival
in 20113 Near Hwaseong
Fortress**

Suwon Smart City Center

**Reuse of Rainwater for
Urban Gardening**

1st meeting in Suwon

2nd meeting in Scotland (Glasgow, Stirling, Dundee, Edinburgh): Sharing More Experiences of Cities & Narrowing Exchange Topics

- ❖ Topics: Urban Regeneration & Historical Heritage Preservation
- ❖ Discussion
 - **Clyde Gateway:** Urban regeneration of abandoned lands for valuable spaces through land soil remediation and the bridge connection
 - **Historic Environment Scotland:** The Engine Shed, a conservation centre specialising in science conservation; technical outreach and education & digital documentation

2nd meeting in Scotland (Glasgow, Stirling, Dundee, Edinburgh): Sharing More Experiences of cities & Narrowing the Exchange Topics

- ❖ Topics: Urban Regeneration and Smart City – Big Data
- ❖ Discussion
 - **Dundee Waterfront Regeneration:** Long term urban regeneration project for the city's identity and revival with city branding
 - **Data Lab & CivTech - Edinburgh:** A new model being piloted to support the development of new technologies to “drive daring and innovation in the public sector”, via Public Procurement of Innovative solutions.

3rd meeting in Suwon:
