THE REGIONAL NETWORK OF LOCAL AUTHORITIES
FOR THE MANAGEMENT OF HUMAN SETTLEMENTS

CityNet Services: Demand Driven C2C – CityNet’s Role

- Facilitate and support defining themes
- Match cities based on suitability
- Logistical Arrangements
- Follow up to avoid stand alone

Requirements for C2C

- Clear definition of learning objectives and areas of learning/cooperation
- Good matching and understanding of benefits/barriers
- Funding / sharing of costs
- Timing
- Support from all levels of government
- Commitment and Clear Vision

Benefits of C2C

- Solutions through focused exchange of technical knowledge
- Narrower focus: fosters mutual understanding and reciprocity, benefits all involved parties
- Demand-driven and cost-effective process
- Can motivate decision makers: “seeing is believing”
- Multi-dimensional form of learning that combines political, administrative, technical and managerial dimensions

Urban SDG Knowledge Platform

- Seoul Metropolitan Government, UN-ESCAP, CityNet
- **Share:** Promote cities' achievements in sustainable urban development
- **Learn:** Gain access to activities and insights for sustainable urban development from various cities
- **Replicate:** Connect cities through city-to-city cooperation through peer-to-peer learning

URBAN SDG
KNOWLEDGE PLATFORM

How can you work with us?

- Become a member of CityNet
- Share urban solutions, expertise and best practices in sustainable development
 - Co-organized workshops on a thematic urban area
 - Participate as panelist or speaker at a CityNet session at a global conference (advocacy)
 - Be a partner for CityNet Services (C2C)
- Participate in projects such as World Cities
- CityNet is a ‘match-maker’ for cities and urban stakeholders committed to sustainable urban development
